v.

Putnam Retail Management, LLP,

Defendants.

Number 04-CV-10988 (GAO)

**ROBERT E. PATTERSON'S OBJECTIONS TO  
SUBPOENA FOR PRODUCTION OF DOCUMENTS**

Pursuant to Federal Rule of Civil Procedure 45(c)(2)(B), Robert E. Patterson, through undersigned counsel, hereby objects to the subpoena dated October 6, 2006 (the "Subpoena") served by Plaintiffs in the above-captioned matter (the "Action") as follows:

**General Responses and Objections to the Subpoena**

1. Mr. Patterson responds to the Subpoena without waiver of or prejudice to his right, at any time, to raise objections to (a) the relevance, materiality or admissibility of (i) the Subpoena or any part thereof, (ii) statements made in this response to the Subpoena or any part thereof, or (iii) any document produced pursuant to this response; or (b) any further demand for discovery involving or relating to the matters raised in the Subpoena. Mr. Patterson objects to the Subpoena to the extent that it seeks any documents or information not relevant to the Action.

2. Mr. Patterson objects to the Subpoena to the extent that its requests are vague, ambiguous, overly broad, unduly burdensome, oppressive, do not comply with the requirement of Fed. R. Civ. P. 45(c)(1) that a subpoena to third parties shall "avoid imposing undue burden or expense on a person subject to that subpoena" or are not otherwise reasonably calculated to lead to the discovery of admissible evidence. Mr. Patterson objects further to the Subpoena on the grounds that many of the requests contained in the Subpoena seek "all documents" or "all written communications" relating to a subject matter, without further limitation or focus.

3. Mr. Patterson objects to the Subpoena on the grounds that its requests are unreasonably cumulative or duplicative, including but not limited to the fact that its requests are cumulative or duplicative of the requests contained in the previous subpoena served on Mr. Patterson on or about January 4, 2006 (the "January Subpoena").

4. Mr. Patterson objects to the Subpoena on the grounds that the Subpoena requests documents and information that could have been sought in the January Subpoena but were not.

5. Mr. Patterson objects to the Subpoena on the grounds that the Subpoena purports to require re-searching or re-examining files or documents that were previously searched and/or reviewed in an effort to comply with the January Subpoena.

6. Mr. Patterson objects to the Subpoena to the extent that compliance with the Subpoena would be a burden on Mr. Patterson or would impose additional expense upon the Putnam Funds. Mr. Patterson further objects to the Subpoena to the extent that the costs associated with responding to the Subpoena are to be borne by any party other than the Plaintiffs.

7. Mr. Patterson objects generally to the time periods specified in the Subpoena to the extent that they are overly broad, unduly burdensome, oppressive, do not comply with the requirement of Fed. R. Civ. P. 45(c)(1) that a subpoena to third parties shall “avoid imposing undue burden or expense on a person subject to that subpoena” or are not otherwise reasonably calculated to lead to the discovery of admissible evidence.

8. Mr. Patterson objects, in particular, to the Subpoena to the extent that it requests documents for the period January 1, 2002 through December 31, 2002, on the grounds that such documents could have, and should have, been requested in the January Subpoena but were not and that, as a consequence, to require Mr. Patterson to re-examine and re-search documents and files previously searched in the process of collecting documents for purposes of responding to the January Subpoena would be unreasonable, unduly burdensome and costly.

9. Mr. Patterson objects further to the Subpoena to the extent that it seeks documents created, sent or received after January 4, 2006, the date of service of the January Subpoena, on the grounds that such documents are irrelevant and not likely to lead to the discovery of admissible evidence. Mr. Patterson objects further on the grounds that the production of such documents would be unduly burdensome and costly.

10. Mr. Patterson objects further to the Subpoena to the extent it seeks documents created, sent or received after January 4, 2006 on the grounds that Mr. Patterson understands that the scope of the relevant time period for discovery in the Action is currently a matter of dispute between the parties and that, therefore, in the absence of any ruling from the Court with

respect to that dispute, the requests contained in the Subpoena seeking documents created, sent or received after January 4, 2006 are objectionable.

11. Mr. Patterson objects to the Subpoena to the extent that it purports to require the continuing review, collection, and production of documents that are not yet in existence. Requiring such ongoing efforts is overly broad, unduly burdensome, oppressive, and does not comply with the requirement of Fed. R. Civ. P. 45(c)(1) that a subpoena to third parties shall “avoid imposing undue burden or expense on a person subject to that subpoena.”

12. Mr. Patterson objects to the Subpoena to the extent that it purports to impose obligations different from and greater than what is required by the Federal Rules of Civil Procedure, the Local Rules, or other applicable law.

13. Mr. Patterson objects generally to the Subpoena to the extent that it purports to vary the meaning of any term from its usual and customary meaning in ordinary usage or from the definition of such term under the Federal Rules of Civil Procedure or the Local Rules.

14. Mr. Patterson objects, in particular, to the use of the term “Management Contract” in the Subpoena on the grounds that such term is undefined by the Subpoena; it is, therefore, not possible to determine whether the Subpoena's use of the term “Management Contract” is consistent with Mr. Patterson's understanding of the term.

15. Mr. Patterson objects, in particular, to the use of the term “economies of scale” in the Subpoena on the grounds that such term is undefined by the Subpoena; it is, therefore, not possible to determine from the Subpoena whether the Subpoena's use of the term “economies of scale” is consistent with Mr. Patterson's understanding of the term.

16. Mr. Patterson objects, in particular, to the definition of "PIM" that is contained in the Subpoena on the grounds that the definition of the acronym in the Subpoena is inconsistent with the ordinary meaning of that acronym as it is used in connection with the business affairs of the Funds. As an example, as written, the definition of "PIM" includes "any of its . . . affiliates" and, therefore, includes within the definition of "PIM" separate corporate entities, such as PRM, PFTC and PAC, that are not a part of PIM, as that acronym is used in the ordinary course of Fund business.

17. Mr. Patterson objects, in particular, to the definition of "PRM" that is contained in the Subpoena on the grounds that the definition of the acronym in the Subpoena is inconsistent with the ordinary meaning of that acronym as it is used in connection with the business affairs of the Funds. As an example, as written, the definition of "PRM" includes "any of its . . . affiliates" and, therefore, includes within the definition of "PRM" separate corporate entities, such as PIM, PFTC and PAC, that are not a part of PRM, as that acronym is used in the ordinary course of Fund business.

18. Mr. Patterson objects, in particular, to the definition of "PAC" that is contained in the Subpoena on the grounds that the definition of the acronym in the Subpoena is inconsistent with the ordinary meaning of that acronym as it is used in connection with the business affairs of the Funds. As an example, as written, the definition of "PAC" includes "any of its . . . affiliates" and, therefore, includes within the definition of "PAC" separate corporate entities, such as PIM, PRM and PFTC, that are not a part of PAC, as that acronym is used in the ordinary course of Fund business.

19. Mr. Patterson objects, in particular, to the definition of "Putnam Mutual Funds" that is contained in the Subpoena. The Second Amended Complaint in this Action was filed on behalf of Plaintiffs who allege that they are shareholders of the following five Putnam mutual funds -- Putnam Growth Opportunity Fund, Putnam Voyager Fund, Putnam Classic Equity Fund, Putnam Fund for Growth and Income and the Putnam Investors Fund. Mr. Patterson objects to the Subpoena to the extent that it seeks the production of documents or information concerning any Putnam Funds other than the Putnam Growth Opportunity Fund, Putnam Voyager Fund, Putnam Classic Equity Fund, Putnam Fund for Growth and Income and the Putnam Investors Fund.

20. Mr. Patterson objects, in particular, to the definition of "Board of Trustees Committees" that is contained in the Subpoena to the extent that it includes Committees, the affairs of which have no relevance to the Action. Mr. Patterson further objects to the definition of "Board of Trustees Committees" to the extent that the definition names Committees not existing during the time period covered by the Subpoena.

21. Mr. Patterson objects to the Subpoena to the extent that it seeks the production of any document or information (i) that is identical to any document or information available from, or in the possession of, the Plaintiffs; (ii) that is more readily accessible from a party to the Action or from another source; or (iii) that is publicly available or accessible (including from the Edgar database maintained by the United States Securities and Exchange Commission, from any publication, on any page or site on the world wide web or on a public database such as Westlaw, Lexis or Bloomberg), on the grounds that production by Mr. Patterson under such circumstances is unnecessary, burdensome, and cumulative.

22. Mr. Patterson objects to the Subpoena to the extent that it purports to seek any “privileged” document or information. The term “privileged” shall refer to any document or information that is protected from discovery under the attorney-client privilege, attorney work-product protection, joint-defense privilege, common interest privilege, and/or any other applicable privilege, immunity, protection, doctrine, statute, regulation, rule, decision, order or exemption that would make the document or information immune or exempt from discovery. In all instances, Mr. Patterson intends to preserve all claims of privilege to the fullest possible extent. No privileged document will be produced. If any privileged documents or information are disclosed, except pursuant to a written statement specifically referencing such documents, such disclosure shall be deemed inadvertent and shall not be deemed a waiver of any applicable privilege.

23. Mr. Patterson objects generally to the Subpoena to the extent that it seeks documents concerning Mr. Patterson that are of a confidential, personal or proprietary nature.

24. Mr. Patterson objects to the Subpoena to the extent it seeks the production of any confidential documents or information in the absence of a binding confidentiality stipulation and protective order.

25. Mr. Patterson objects to the definition of “documents and tangible things” contained in the Subpoena to the extent it calls for the production of electronic documents not entirely in the possession or control of Mr. Patterson, individually, or the Trustees collectively. Mr. Patterson further objects to the Subpoena to the extent it purports to require him to conduct searches for electronic documents stored on servers, back-up tapes and other electronic archives on the grounds that such searches would be cumulative of the searches that have been

conducted, are unduly burdensome and may not be permitted by applicable law or corporate policies.

26. Mr. Patterson objects to any requests in the Subpoena seeking documents from the “staff of the Board of Trustees” as vague, ambiguous, overly broad, unduly burdensome and not reasonably calculated to lead to the discovery of admissible evidence.

27. Mr. Patterson objects generally to the Subpoena to the extent that it purports to seek the production of documents that are not within Mr. Patterson’s possession, custody or control.

28. Mr. Patterson reserves the right at any time to revise, correct, add to or clarify the general objections set forth above and/or the specific responses set forth below.
